

Mississippi River - Pool 9

Bank Erosion Study

Mississippi River - Pool 10

Bank Erosion Study

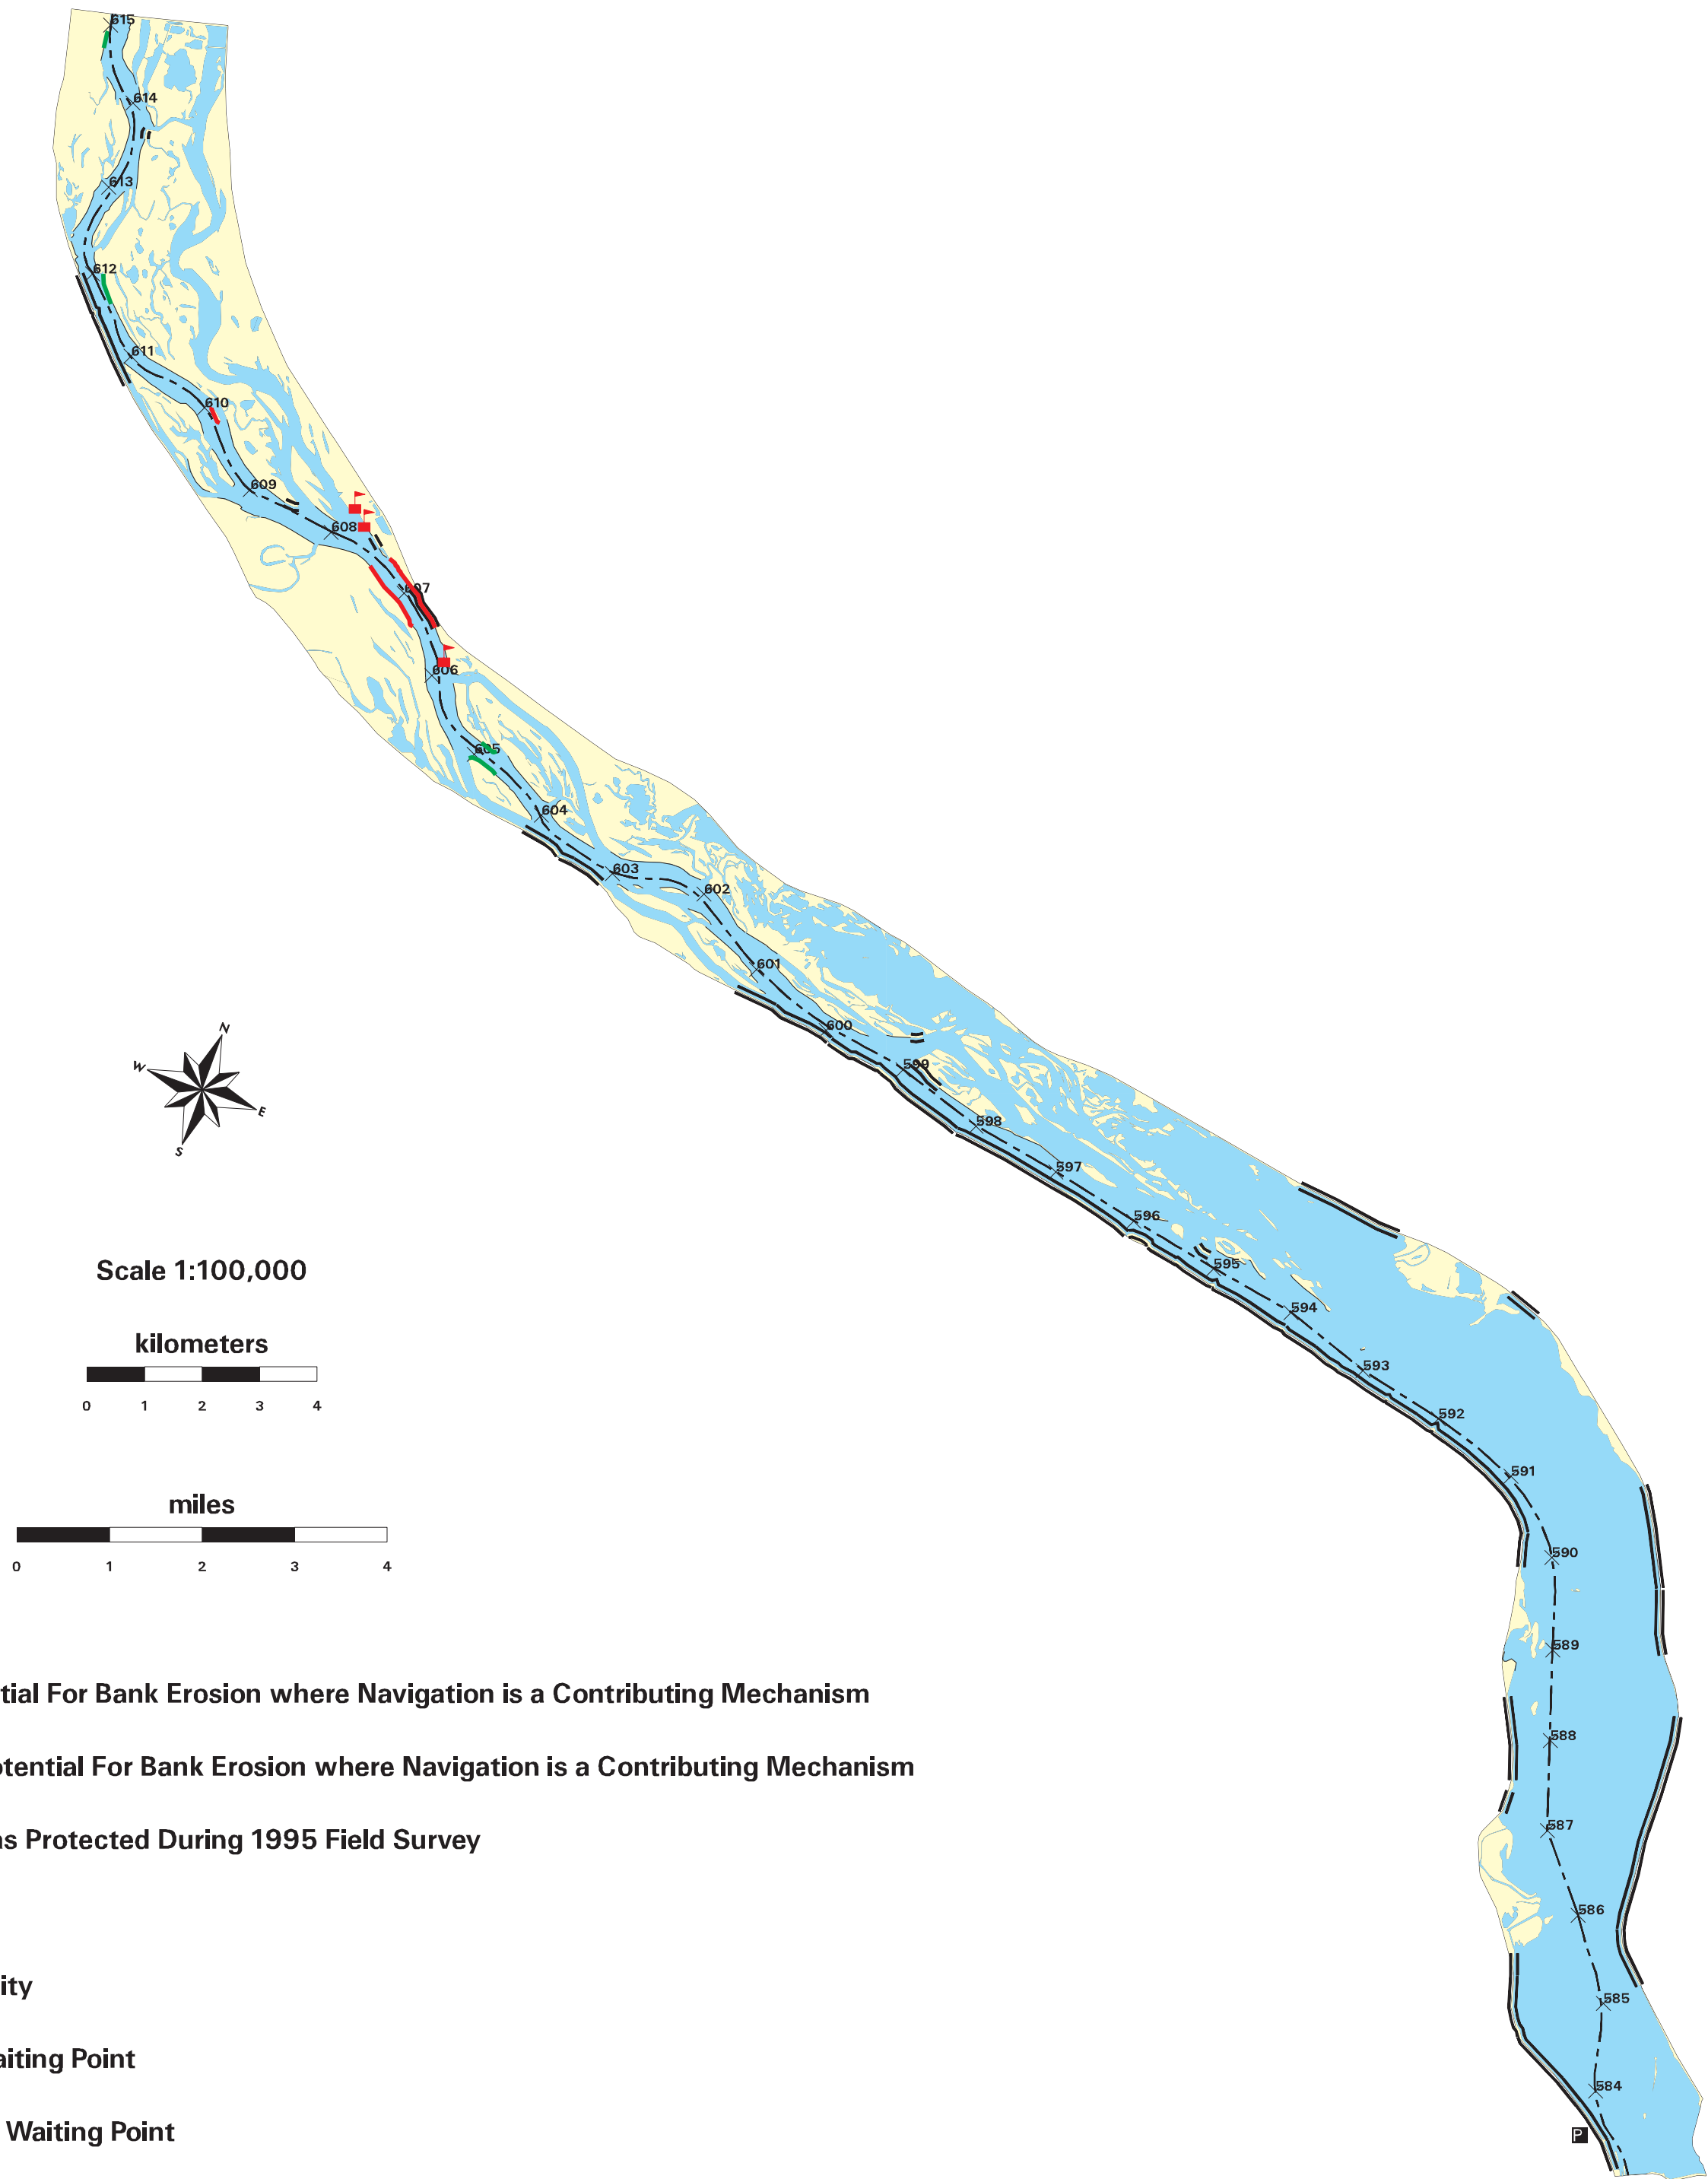

-  High Potential For Bank Erosion where Navigation is a Contributing Mechanism
-  Medium Potential For Bank Erosion where Navigation is a Contributing Mechanism
-  Identified as Protected During 1995 Field Survey
-  Levee
-  Barge Facility
-  Primary Waiting Point
-  Secondary Waiting Point
-  Alternate Waiting Point

Mississippi River - Pool 11

Bank Erosion Study

-  High Potential For Bank Erosion where Navigation is a Contributing Mechanism
-  Medium Potential For Bank Erosion where Navigation is a Contributing Mechanism
-  Identified as Protected During 1995 Field Survey
-  Levee
-  Barge Facility
-  Primary Waiting Point
-  Secondary Waiting Point
-  Alternate Waiting Point
